**Report of
'Cyber Security Awareness' with 'Earn and Learn'
Academic Year: 2019-20**

1. Title

Cyber Security Awareness with Earn and Learn

2. Objectives

- a. To impart the knowledge of Cyber Crime and Cyber Security
- b. To Aware the students of the College about participation in the scheme.
- c. To select the volunteers (students) of the College for conducting Cyber Security Awareness program
- d. To organize workshop and train the selected students.
- e. To impart public speaking skills, presentation skills, confidence building and team building
- f. To send the trained volunteers in the various Schools and Colleges of Akola district for presentations.
- g. To aware the students and their parents (through students) about Cyber Crime and Cyber Security.
- h. To earn / receive the stipend / honorarium for each presentation from Quick Heal Foundation Pune.

3. The Context

Recently the use of internet through Laptop, Computers and Mobiles in the field of banking and other all-important sectors has been increased abruptly. It is very easy for common people to access the internet and any other sites from anywhere in the world. Along with the use of internet in banking online crime i.e. cyber-crime has been increased many times. This has initiated to Cyber security of our bank accounts and important data. Its big challenge to protect our banking passwords from being hacked. There is a need to aware the students and parents about different types of cyber-crimes and Cyber Security.

4. The Practice

The Cyber-crime is a Computer and internet oriented crime. The Crime concerned with privacy, confidential information, passwords and targeted

against girls to harm physically and mentally. Cyber-crime may threaten a person or a nation's security and financial health.

As we know, in this digital edge, **Information and Communication Technology (ICT) in education** can lead to an improved student learning and better teaching methods. It has a significant and positive impact on student's achievements. This has increased the use of Mobile, Laptop, Computer and Internet in almost all the fields. Even a common people can also access the required information from anywhere in the world. This has created new criminal opportunities and online crime, cyber-attacks increases in multiples.

In order to increase the awareness amongst the students, their parents and Teachers about different types of cyber-crimes and security, Department of Physics organized Cyber Security Awareness Program with Earn and Learn scheme in collaboration with Quick Heal Foundation Pune and Maharashtra Cyber Mumbai. Initially Memorandum of Understanding (MoU) has been signed by Hon. Principal of the College and Executives of Quick Heal foundation Pune. After creating awareness about the scheme amongst all the students of the College in the month of October 2019, initially 32 interested students were selected. Training on communication skills and public speaking was organized on 18th October 2020. The resource person was Ms. D. D. Mapari, Department of English of the College. Out of 32 students, 26 student volunteers have been selected through their presentations in presence of Ms. Dhanashri Temburnikar, regional coordinator, Quick Heal foundation Pune.

Workshop cum training was organized in three sessions in the college on 13th Dec. 2020 for selected 26 volunteers. Ms. Sugandha Dani, Executive CSR, Quick Heal Foundation Pune conducted the workshop and delivered the lectures in two sessions on Cyber Crime and awareness. Mr. Prashant Kedare, Mr. Om Deshmukh, Constable, Cyber Police station, Akola conducted one session and delivered the lectures on practical examples of crime and precautions to be taken. Cyber law and procedure to be followed after unexpected involvement in the crime was discussed in the workshop. Hon. Shailendra Thakre, API, Cyber Police Station Akola and Hon. Dr. J. M. Saboo, Principal, Shankarlal Khandelwal College, Akola graces the function. Teaching, Non-teaching Staff members and Students were participated in the inaugural ceremony.

After complete training and with legal permission of Education Officer, 26 volunteers in 13 groups visited 110 schools of Akola district and delivered

191 presentations on Cyber Crime and Cyber Security. This Cyber Security awareness program conducted from 4th Jan. 2020 to 5th Feb. 2020 in different schools and sensitized 38,280 students. Each Volunteer has got honorarium Rs. 500/- per presentation. Quick Heal Foundation paid Rs. 2, 29,000/- along with expenditure for this Earn and Learn scheme to the college and distributed amongst the volunteers. Volunteers were happy about their first earning in their student life. It has been used by the volunteers for completing the online courses. Some of the students used a part of earning for social cause also. Volunteers purchased masks, sanitizers, food packets and distributed to needy people in their society.

5. Evidence of Success

Volunteers visited the schools and delivered the presentations in front of the Teachers and students. Really this is first and exciting experience of the volunteers to visit the school and delivered the lecture as a guest. Organizers welcome the volunteers and shows proper hospitality. As a Coordinator I observed and analyze from the feedback form of the students and teachers that, our volunteers solve the questions asked by the students and imparted the knowledge of cyber security. Video feedback of Principal, Teacher, volunteers, News published in the newspapers and Photographs of the presentations shows that the objectives of the scheme has been fulfilled and the College is succeeded in conducting the cyber security awareness program in collaboration with Quick Heal Foundation, Pune.

6. Problems Encountered and Resources required

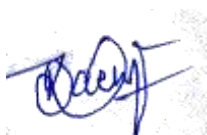

The problems like selection of schools, permission of the Principal has been solved in advance and visit plan prepared before to start the presentations. The problems of travelling/ transporting in different schools at different places have been solved with the help of parents of volunteers and proper planning before to start the presentation program. Coordinator and Principal of the college were always in touch with the volunteers and their parents through mobile calls and used to enquire about their problems during school visits and solved them. On request, the Principal and the teachers of the schools have co-operated the volunteers for PPT presentations and made all the required arrangements of mike and sound system. Respected Head Master/Principal, concerned Teachers were personally present for the program and look after the discipline during the

presentation. Quick Heal Foundation, Maharashtra Cyber, District Education Officer, School administration, Principal of the College, Volunteers and their Parents plays significant role for grand success of the scheme.

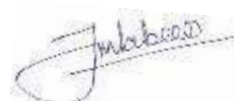

7. Notes

Department of Physics, Shankarlal Khandelwal College Akola has organized this activity in 2018-19 also. This activity was followed by Online Course, Quiz, Faculty Workshop and training of the volunteers. Almost 240 Students of all the faculties completed the online course in the college from which 20 top volunteers were selected for this activity. These 20 Volunteers has given 114 presentations in 78 schools from 28th Sept. 2018 to 26th Oct. 2018 and sensitized 23209 students about cyber security. Quick Heal Foundation paid Rs. 1, 37,000/- in that year for this Earn and Learn Scheme with expenditure. It was really memorable moment for volunteers. Volunteers earned money, knowledge, experience, courage and happiness too.

As a coordinator I would like to mention here is that, this cyber security awareness program is really should be implemented frequently and for students of other schools also. As we know, Students are now always in touch with the screen of internet. We can't stop them for using the mobiles and internet. Now a day, the students and parents are surprisingly using social media and different free software's. This increases the possibility to be a victim of the criminal activity. So there is need to aware the students about different types of crimes and security. After going through the complete activity which we have conducted from last two years, we experienced that this 'Cyber Security Awareness' with 'Earn and Learn' Scheme conducted in collaboration with Quick Heal Foundation Pune and Maharashtra Cyber Mumbai, is one of the best practices in the College.

Subject:- Regarding Earn and Learn Scheme_Cyber Security Awareness
Conducted in Shankarlal Khandelwal College, Akola (MS)

Respected Sir/ Madam,

In respect with the subject cited above, Department of Physics of the College, conducted Earn and Learn scheme for Cyber Security Awareness in Collaboration with Quick Foundation and Maharashtra cyber cell. The programme is conducted from 4thJan.2020 to 5thFeb.2020. Selected 26 Volunteers have delivered the presentations in 110 schools in Akola district and sensitized 38280 students. Honourable Principals/ Head Masters of schools allowed the volunteers to deliver limited presentations due to Examination and Annual Social Gathering of the Schools. However, in some of the schools/colleges more students were present for the presentation. This is why the excess students have been sensitized.

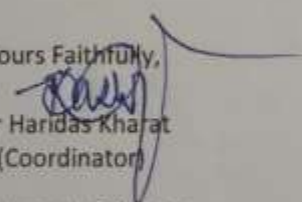

With this I request you to consider all the students in each volunteer's target and do the needful in favour of the volunteer.

Kindly accept the visit reports and oblige.

Looking forward for your positive response,

Thanking you,

Yours Faithfully,

Dr Haridas Kharat

Presentation

Respected Sir/Madam,

"Cyber Safety Awareness" program is proposed in collaboration with Maharashtra Cyber and Quick Heal Foundation across India along with college students with objective of better practices and safeguards to combat cyber crimes. The aim of program generate awareness among kids for safe online activities.

As kids grow up in this digital age, keeping up with the latest trends and technology is a part of everyday life. Parents, on the other hand, are oftentimes less savvy than their kids when it comes to cyber behavior. Due to lack of cyber awareness many crimes are happening online and

is bound to increase drastically in near future. Having sensed the potential online danger, Quick Heal foundation has taken an initiative of CYBER SAFETY awareness program among the school kids.

Seeking your permission for the approval of 45 mints "CYBER SAFETY AWARENESS PROGRAM" in your school. This program will give students the knowledge about online safety and preventive measures. The presentation is for groupsoy Std. 5-7, 8-10 Junior College and Senior College students.

Looking forward to a favorable response from you.

Respected Sir,

We are extremely thankful for your interesting and valuable project on 'Cyber Security Awareness' that has been conducted in our College as per the MoU with the Department of Physics. Mrs. Sugandha Dani has delivered informative talk in the workshop and trained the selected volunteers of 'Earn and Learn' Scheme in the College. Mrs. Dhanshri Tembhurnikar played an important role in the selection of the volunteers and observation of the presentations. In this scheme trained volunteers delivered the presentations in various schools and sensitized many students. It has a deep impact on the students and was highly appreciated. It will last evermore and prove encouraging to them. We are grateful to you for all your cooperation and guidance. We strongly believe that your best wished and support will be with us in future too.

Thank you once again.
