Introduction:

An Electoral Literacy Club is a platform to engage college students through interesting activities and hands-on experience to sensitize with their electoral rights. The Club familiarizes them with the electoral process. ELC is also present in schools and rural communities.

Through ELC, Election Commission of India, aims at strengthening the culture of electoral participation among young and future voters.

The primary objective of the club is to sensitize student community about the democratic programmer to create awareness. We conduct mock polling activity to give the experience-based learning of the democratic setup. We also conduct cartoon drawing, debates, mock parliaments, elocution, essay writing and other programmers which create an awareness regarding electoral procedures.

Vision:

Providing a clear-cut vision about electoral participation and a sense of democratic attribute among young generation.

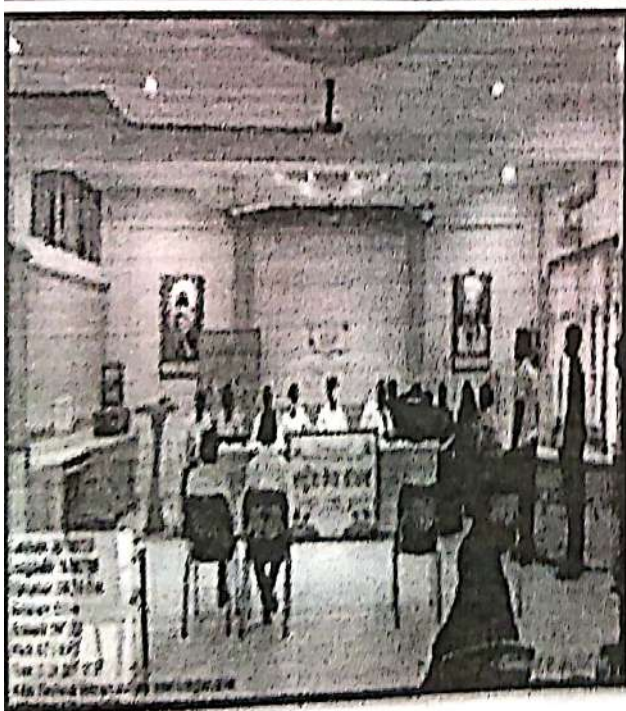

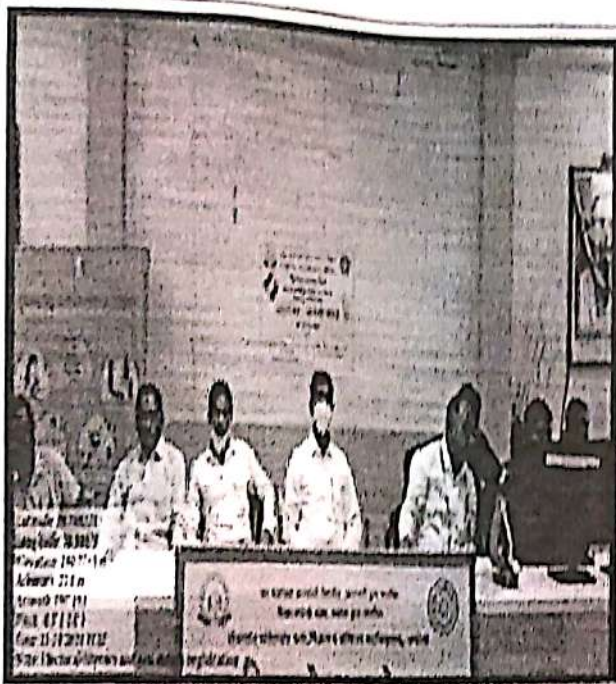

Objectives:
